

Gove Street Crossing: Pop-up Park + Plaza

PUBLIC
REALM

Provided by SME Consultant

Civic Space Collaborative

Location

East Boston, MA

Origin	Friends of the Mary Ellen Welch Greenway and Boston Society of Landscape Architects (BSLA)
Budget	 <p>Low (\$16,000 in total from Barr Grant. \$6,000 for materials, \$10,000 BSLA design competition and project management. \$20,000 pro bono time from Toole Design)</p>
Timeframe	 <p>Short Term (<5 years) – October 2018 to June 2019</p>
Risk	 <p>Low Risks (temporary installation, low-cost materials)</p>
Key Performance Indicators	Participants at events, increase in the number of people sitting on the Greenway and picnic, positive comments from greenway visitors, and excited youth walking to school.
Partners & Resources	Friends of the Mary Ellen Welch Greenway, Greenway Council, Boston Society of Landscape Architects (BSLA), Toole Design, Boston Parks, City of Boston’s Public Realm Director, East Boston Public Library, Krina Patel (artist), Zumix (music onsite), and volunteers
Diagnostic	<p>This project happened prior the COVID-19 pandemic, although planning and installation would be possible while still maintaining appropriate guidelines for public health.</p> <p>Painting the asphalt, planting annuals in the containers and perennials, and building the benches were all COVID-19 friendly activities since people were able to social distance and/or work in small groups.</p> <p>Over the past year, we saw important open space in our communities is for both physical and mental health, with parks being one of the few places where people could meet up safely outside. The pop-up park and plaza activated the Greenway using tactical urbanism and placemaking. As a result, the Greenway became even more of a destination and provided passive forms of recreation, which did not previously exist. In addition, the Greenway was transformed into an exciting place for people, and especially for children. As part of the installation, mini-libraries were filled with children’s books and toys and were very exciting for the kids to discover when they went to school on Monday morning. With everyone spending a lot of time in their neighborhoods this past year, it is important to make spaces a little more exciting.</p>
Action Item	<p>The Friends of the Mary Ellen Greenway (FoMEWG) worked with the Boston Society of Landscape Architects (BSLA) to host a design competition for the Gove Street section of the Mary Ellen Greenway. A 12-member jury selected Toole Design to work on a seasonal installation.</p> <p>Over three months, Toole Design worked to refine the design by engaging East Boston residents. The final design and project included:</p> <ol style="list-style-type: none"> 1. a pop-up plaza on Gove Street next to a residential apartment building, and 2. a seasonal installation on the Greenway. <p>Both designs included a pavement graphic and seating. The FoMEWG hosted several programs at the pop-up plaza.</p> <p>This project was funded by a Barr Foundation grant to the Friends of the Mary Ellen Welch Greenway</p>

Process

Design Competition

- **Design Challenge:** FoMEWG worked with BSLA to host a design competition for the Gove Street section of the Greenway. Eight entries were submitted that included both long and short-term ideas for the Greenway at Gove Street. The full set of design entries can be viewed at <https://maryellenwelchgreenway.org/2019/03/27/bsla-design-challenge-entries/>.
- **Design Selection:** The entries did not include the names of the individuals or firms in order to ensure a blind judgement of the designs. The 12-member jury of East Boston residents selected Toole Design to work on a seasonal installation. The final design was selected since it successfully active the spaces, greatly enhanced the east / west connections used by students, incorporated community engagement into the design process, and the materials were also in Spanish.

Pop-Up Installation Planning + Design

- **Planning + Design:** Over three months in Spring 2019, Toole Design worked to refine the tactical short-term installation by engaging East Boston residents and FoMEWG. The design was shared at the monthly Greenway meeting, and the Project Team engaged youth at the East Boston Public Library. The final tactical design with pavement graphic and seating including:
 1. a pop-up plaza on Gove Street next to a residential apartment building, and
 2. a seasonal installation on the Greenway.
- **Approvals for Boston Parks:** The Project Team met with Boston Parks to review the proposed design, and Boston Parks was asked to weigh on the seating structures and painting before the design was final. The FoMEWG submitted a “Small Projects Form” outlining the proposed project, its design, and maintenance plan for Parks to review and approve.
- **Approvals from Boston Transportation Department:** The Project Team met with the City of Boston’s Public Realm Director to discuss the plaza concept. For the one-week temporary plaza installation, the project team applied for a 1-week event permit and posted “No Parking” signs.

Process, continued

Implementation

- **Material Acquisition:** In June, the project team acquired the materials from nurseries, lumber yards, the hardware store, and ordered the bistro sets online. These items were transferred to the site in East Boston upon procurement.
- **Installation:** Toole Design staff worked to build the exchange benches off-site and then assisted the benches on site. The Project Team planned for two installation days, which included a Saturday. Toole Design outlined the pavement graphics prior to volunteers arriving each day. Volunteers painted the pavement graphics on the Greenway and plaza, planted plants in the planters, and placed the seating. Lunch was provided to the volunteers.
- **Programs:** The FoMEWG hosted several programs at the pop-up plaza, including music in the evenings by local musicians, a piñata party with a local artist, Krina Patel, and games for children. Later in the summer, the Friends and Toole Design lead a bike ride for the LandLine Coalition, a group working to connect community paths and greenways in the Greater Boston region.
- **Removal:** The one-week pop-up plazas were removed, and the chairs and tables were relocated to the seasonal Parks installation on the Greenway. In the fall, the Parks installation with the benches were removed and put into storage for the winter.
- **Re-Installation:** In Summer 2020, the benches and Adirondack chairs were placed in the Parks section of the Greenway.
